Name of Teacher:- Dr. Reena
 Class:- B.A.-1st Year (2nd Sem)
 Subject:- Economics
 Paper:- Microeconomics
 Session:- 2023-2024

Weeks	Name of the Topic
Week 1 (01/01/24-06/01/24)	Concept of Perfect competition, Equilibrium of the industry under Perfect competition
Week 2 (08/01/24-13/01/24)	Short run and Long run Equilibrium of the firm under Perfect Competition Cost Curve and Supply Curve of Firm
Week 3 (15/01/24-20/01/24)	Concept of Monopoly market Short run Equilibrium of the firm under monopoly
Week 4 (22/01/24-27/01/24)	Long run Equilibrium of the firm under monopoly Supply curve under monopoly Imperfect competition Types of imperfect competition
Week 5 (29/01/24-03/02/24)	Concept of Monopolistic competition Characteristics & assumption of monopolistic competition Demand & cost curve under monopolistic competition
Week 6 (05/02/24-10/02/24)	Product differentiation ,demand curve & equilibrium Short run & long run Equilibrium of the firm under monopolistic competition Equilibrium of the group under monopolistic competition
Week 7 (12/02/24-17/02/24)	Oligopoly market Characteristics & assumption of oligopoly market Price & output under oligopoly Cournot's model of oligopoly market Bertrend's model of oligopoly market Comparison between Bertrend's & Cournot's model Price rigidity – Sweezy's kinked demand curve
Week 8 (19/02/24-24/02/24)	Theory of factor pricing Some basic concept about productivity of factor & cost of the factor Marginal productivity theory
Week 9 (26/02/24-02/03/24)	Modern theory of factor pricing Elasticity of demand for a factor Determination of factor price in a competitive industry
Week 10 (04/03/24-09/03/24)	Concept of Rent Class test of the topic of monopoly market Types of Rent , Recardian theory of Rent

	Rent in extensive cultivation, Rent in intensive cultivation Modern theory of Rent ;Concept of Quasi rent
Week 11 (11/03/24-16/03/24)	Classical theory of interest; Loanable fund theory of interest Deference between classical theory & loanable fund theory Concept of profit Dynamic theory of profit Innovation theory of profit
Week 12 (18/03/24-22/03/24)	Risk theory of profit Uncertainty theory of profit Nature of Profit Meaning ,purpose & importance of dispersion Measures of Dispersion. Properties of a good measures of dispersion Absolute & relative measures of dispersion
Week 13 (01/04/24-06/04/24)	Method of measuring dispersion, Concept of Range Calculation of rang & coefficient of range for different types of statistical series Individual series & the Range Discrete series & the Range, Quartile Deviation and Coefficient Quartile Deviation
Week 14 (08/04/24-13/04/24)	Mean deviation, standard deviation, Direct method ; short cut method
Week 15 (15/04/24-20/04/24)	Coefficient of variation in different types of statistical series, Complete study of Lorenz curve
Week 16 (22/04/24-30/04/24)	Revision
